On the 23 of Jan 1965 while on patrol with Major Oliver M.P. Duty Officer. We winter Unit #12 Call stating they saw a light rising from the tree tops about 1 1/2 miles from Sighting Hill. Unit #20 Major Oliver + Pfc. Paul Sweat was traveling north on Brandenburg. We arrived at Unit #12 location at approx. 2115 hrs. I saw a bright silver light circling in a clockwise manner and seemed to be ascending upward. The distance of light unknown. The estimated range 1500 to 2000 meters, and estimated height last seen was 10° to 50° degrees from horizontal. Time observed approx. 10 to 15 minutes. From 2115 to 2130 hrs.

At 2103 hours on 23 Jan 65 my military police unit, unit 12, was dispatched by the radio operator to go to Sanitary Fill Road and Brandenburg Ave. My partner Sp/4 John J. Davis, RA 16 740 700 and myself Pvt Robert T. Wastler, NG 26 381 961, were to meet a vehicle at the location and escort it to Snow Mountain Air Force Base. We arrived at approximately 2105 and proceeded down Sanitary Fill Road approximately 100 meters from Brandenburg Ave. Since I did not see the vehicle that we were to escort, I decided to turn around and go back to Brandenburg Ave and wait for the vehicle. As I was making a U-turn, a glowing light rising from the horizon caught Sp/4 Davis' eye. He called to me and we both dismounted the vehicle. I observed a glowing light at approximately 37° magnetic compass reading, rising in a conch-like fashion. The phenomenon appeared to be 1500 to 2000 meters away from our location. It appeared round in shape and was emitting a silvery light. We observed it for about five minutes and then got into the vehicle and Sp/4

NON-SCHEDULED NEWSLETTER #22

March 10th, 1965

Finally, we have a report from Staunton - scene of several previous UFO incidents - which tells of a group of seven teenagers who saw and later photographed little men from outer space. This story has all the earmarks of a hoax to us, but we give it to you for what it is worth: Steven Houffer, 16, was driving on U.S. Route 250 with several friends when he saw a suspicious-looking man near the side of the road. He stopped the car and chased the individual until the man was joined by two others, all about 3½ feet in stature. They were allegedly wearing one-piece, skin-tight garmets that were silver in color. Later Houffer went to a nearby barn with a photographer, where a color picture of one little man was taken. Just how they knew the creature was in the barn is not clear, nor had the picture been developed at last report.

Earlier in the Year
Flagstaff, Arizona

Earlier in the year, businessman Steven Rausch reported his encounter with a bright, luminous-like flying object with small blue colored lights at Flagstaff, Arizona. The pancake-shaped object hovered twenty feet off the ground and made a weird humming sound. It stayed in the same spot for ten minutes and then swiftly flew off into the sky. It left a smoothed-out area of ground that felt very hot to the touch.

3 March 1965

Dear Mrs. [REDACTED]

Reference is made to your recent letter concerning an unidentified flying object observation which was made by a friend of yours. An evaluation of the report cannot be made as it was relayed to us second hand.

In 16 years of investigating over 9000 reports of unidentified flying objects, the evidence has proved beyond reasonable doubt that all reported aerial phenomena have been objects either created and sent aloft by man, generated by atmospheric conditions, or caused by celestial bodies or the residue of meteoric activity.

Attached for your information is the current report on Project Blue Book, the Air Force project on unidentified flying objects. This report contains information on the program since its origin in 1948.

The Patuxent, Maryland, UFO incident on 29 December 1964 was evaluated by the Air Force. A copy of this evaluation is attached.

Sincerely,

JOHN P. SPAULDING

~~_____~~
Dear Cliff, I'd
January 6th / 65

To Whom it may concern,

Dear Sir,

Yesterday, January 5th, I was
visiting my friend whose husband is an
American Air-line pilot. While I was there
he came in with another pilot of the
same line who proceeded to launch
into a very detailed description of an
encounter with one of these so-called
flying saucers over Washington D.C.
at 10,000 feet on January 3rd at about
5 P.M. It sounded quite fantastic but
I must admit he convinced me he x

I must admit we were convinced we were

his co-pilot actually saw the German
article. They refused to report it because
of the subsequent grilling the pilots
have learned to expect, besides the
boys know they are made the laughing-
stock by the Skeptical.

Now, maybe I'm a busy body to
report it for him & it really, at first,
never entered my mind but tonight
in the Long Island Press I read a report
that the radar operators at Patuxent
Naval Station spotted two U.F.O's
approaching at a speed of 1,800 miles
per hour the evening of Dec. 29th.

Since the public haven't been informed of any recent apparitions, I thought it was rather a coincidence that an infernal machine was actually seen 3 days later that the blips on our radar.

They first saw the small black speck on a higher plane to their right. It came very fast down & toward them. — like this: — — — — —

It was so large it filled the wind shield in front & though scared to death they altered course as a spontaneous reaction. The ship hovered

in front of them, then also took off at a sharp angle away to the left & up. It all happened so fast I discount their estimation of the size & speed — which I feel

in front of them, then also took
off at a sharp angle away to the
left & up. It all happened so
fast I discount their estimation
of the size & speed - which I feel
is extremely difficult to gauge in
the wide blue yonder.

But I do think they got a
good look at the shape. It was
jet black - the shape of a triangle:-
 slightly rounded at the
bottom & fuzzy around
the edges as though
enveloped in gases or had the

optical allusion of a spinning top.
One guess is good as another. They
thought it might have been travelling
about Mach 3 & it was big - (they
said about a block long) & it came
mighty close (1,000 yards) This is
all pure guess work.

At any rate the passengers probably
didn't see it as it stayed in front of
the jet :-

So, now I've done my duty as a good
citizen - & reported this unexpected
visitor. Somewhere, I read the Canadians

were working on this saucer theory.
I doubt very much if the Russians
had it because the "juveniles" would be
bragging by now. And possibly threaten
it gives me goose bumps to Kontouffla
if it came from outer space. On the

were working on this cancer theory.
I doubt very much if the Russians
had it because the "juveniles" would be
bragging by now, And possibly threaten
it gives me goose bumps to contemplate
if it came from outer space. On the
other hand, maybe creatures with a higher
I.Q. than we have, have looked their
beautiful Planet over & decided to wait
until damn fool humans have blown
themselves to Kingdom Come. They
certainly would do a better job! Freedom
has its drawbacks!

I'll not mention the Pilote navy
- he wouldn't appreciate my tattling!
Sincerely Mr. [REDACTED]

Air Force Department investigating
U.F.O's.

UFO INVESTIGATOR

NEAR COLLISION REPORTED

The reported near-collision between a UFO and an airliner, mentioned in the last issue, is still being investigated. For reasons we cannot disclose now, the full details and conclusion will have to be delayed. Meantime, here are the main points reported to NICAP.

The sighting occurred at dusk, Jan. 3, 1965, as a four-engine Electra, operated by a major airline, was approaching a large Eastern city. The captain was a veteran with 25 years military and airline experience. In the cockpit with him were the First Officer (co-pilot) and the Flight Engineer.

Several miles from the airport, both pilots sighted what they first thought was an ordinary aircraft. Suddenly it turned, came swiftly toward the Electra—a huge, delta-shaped machine, showing a black silhouette in the dusk. As the captain's report indicates, the abrupt, head-on approach gave the crew a bad scare.

"I called out 'What the hell is it?' . . . Somebody said 'Good God!' . . . It started to turn away, then as suddenly as it had appeared it departed . . . It disappeared at tremendous speed—a speed of several thousand miles per hour. I did not report to the tower because I did not feel it was a near miss with a conventional aircraft . . . And also because of the ridicule that was heaped on Captain Pete Killian of American Airlines." (NICAP note: Capt. Killian was ridiculed by the AF and later silenced after he publicly reported sighting three UFOs from his DC-6 airliner, a sighting confirmed by his co-pilot and five other airline crews. Details in "THE UFO EVIDENCE.")

Besides the reported near-miss, the captain sent an account of an encounter about the time of the famous visual-radar reports at Washington Airport.

"While approaching Washington, after darkness had fallen, the Captain and I, in a DC-6 type aircraft, saw a number of very bright lights darting about the sky. Suddenly two of them came directly at us, at high speed, and appeared to be about to collide with us. The Captain took violent evasive action, and as I recall he had to write many letters to passengers who complained in writing to the company about being tossed about."

The Electra captain said he was sure these earlier UFOs were officially "passed off as unknown itinerant aircraft, but the captain and I knew better . . . these red lights were moving at a speed that even today we have not matched."

Washington, D C
13 ~~Jan~~ 1965

January 13, 1965—Washington, D.C. -- Over a dozen Army Communication Specialists reported seeing 12 to 15 metallic, oval disc-shaped UFOs at around 12,000 to 15,000 feet in altitude being chased by two delta-winged jets over Washington. Paul M. Dickey, Jr., Ed Shad, Sam Webb, Jack McBride and Sam Marrone were in the first group of specialists that spotted the saucers going through maneuvers. SOURCE: Washington Post, D.C.

Source: UFO Investigator, Vol III, No 2, April-May 65

Washington, D C
11 Jan 1965

In the last issue we reported a January 11 sighting of 12-15 oval UFOs above Washington, D.C. by Paul Dickey and other engineers. We inadvertently identified his agency as the "Army Security Agency," which is not correct. However, Mr. Dickey is a communications specialist employed by the Army and has six years experience in military technical intelligence.

11 January 1965
Washington, D C

UFOs OVER WASHINGTON, D.C. -- 1965

January 11, 1965... 4:20 P.M. . . . Several (12-15) white, oval objects were chased by two delta-shaped airplanes over Washington, D.C. Their altitude was between 12,000-15,000 feet.

Mr. Paul Dickey confirmed the fact that he watched them for the two to three minutes they were visible. They were just about from horizon to horizon, moving from N-S, literally skipping, diving, swerving. These abrupt actions were also seen by others who had called them to Dickey's attention.

The Washington Post named eleven Army Communications specialists as witnesses to this event.

Their sighting location was the Munitions Building on 19th and Constitution Avenue.

Several other calls by observers were confirmed by NICAP; and FAA reported calls about the objects.

Little Listening Post, according to Mr. Earl Neff, reported that no blips were reported on radarscopes in the area.

Harv Morgan wondered why no one has come forth with photos of the UFOs. With the number of people on the streets at 4:20 P.M., no one took a picture. He couldn't believe it.

Sources: KYW Contact Program, Harv Morgan, moderator, Earl Neff, (March 9, 1965) P.M. Program on KDKA, Pittsburg, Washington Post, January 1, 13, 1965.

Editor's Comment:

No photos, no blips, yet seen visually. If true, an amazingly well localized sighting. (Presswise.)

Washington, D. C.
11 January 1965

JETS CHASE FLYING SAUCERS OVER WASHINGTON, D.C.: An incredible UFO sighting was made in the Nation's capital on the afternoon of January 11th, by a group of Army communications specialists who gathered around the windows of the Munitions Building, at 19th St. and Constitution Avenue. According to Paul M. Dickey, Jr., and Ed Shad, two of the dozen or more observers at these windows, there were 12 to 15 white, oval-shaped UFOs moving in erratic courses about 12,000 to 15,000 feet above the Capitol building. They were being chased by two jet planes with delta wings, and the saucers were outdistancing the jets! Spokesmen for the Defense Department deny that the incident ever happened, but the communications specialists, several of whom gave their names to the newspapers, insist that they were telling the truth and that there was no mistaking the fantastic sight which they witnessed in broad daylight.

UFOs Over D. C.

The Amateur Radio Magazine of March 1965 carried a short mention of a recent report of a total of 12 speedy discs flying over Washington, D. C. It seemed one worker in an office spotted the first discs and alerted five fellow workers. They all stood and watched the first six which were shortly followed by a half dozen more.

The writer went on to say that when the observers notified a Washington paper they got a big turn-down. When a local TV Station interviewed one of the men, high government pressure was allegedly brought to bear and the other five observers were told to be quiet about what they saw. Seems the building was government owned and the windows therefore government property and so the observers were looking at a classified sight.

The Washington Post for 13 January 1965 carried an article which identified the building involved as the Munitions Building on 15th Street and Constitution Avenue N. W. and said the date of the incident was 11 January 1965. It read: "According to Paul M. Dickey Jr. and Ed Shad, who were two of a dozen observers at the windows, there were 12 to 15 white, oval-shaped objects moving in erratic courses about 12-15,000 feet above Capitol Hill. And they were being chased by two delta-winged jet planes. The sight was visible for several minutes, they said. The Defense Department, which has been up to its ears in reports of unidentified flying objects so long that the things are now known by initials, UFO, said simply: "There was no such incident; it just didn't happen." A spokesman for military installations in the Washington area had the same comment. Nevertheless, Dickey and Shad and three other Communications Specialists employed by the Army—Sam Webb, Jack McBride and Sam Marrone—are convinced they saw what they think they saw. They agreed on the shape and approximate number of the discs and the fact that the things were speeding faster than the jet interceptors. They agree

(See "D. C." page 5)

D. C. . . .

(Continued from page 1)

that they saw a commercial aircraft near the flying things. An Eastern Airlines plane landed at National Airport at about that time but Eastern reported no unidentified objects."

14 January 65
Riverside, California

Riverside, Calif.—On January 14, 1965, a 14-year-old newsboy who is the son of an AF Major, reported a 100-foot-long football shaped object in the sky as he delivered papers in southeast Riverside at about 5:30 a.m. When first seen, the object was stationary overhead—he estimated the altitude as about 450 feet. He rode under it to deliver a paper. As he retraced his route, it made a "180 degree turn" and headed toward Corona at "3 times the speed of a jet." The object was brilliantly lighted with four red lights showing. They did not blink. It made a slight "whining noise"—no smoke or contrail....

/Local Residents Sight Strange Objects In Sky

Mrs. Gladys Laughy of Mt. Prospect Road, Holderness, and Richard Bruce, Jr., 9½ year old son of Mr. and Mrs. Richard Bruce of Parker Street, Plymouth, called the Record Office this week to report strange lights in the sky.

The former reported seeing a glaring irregular shape last Thursday night in the northeast, near the horizon, which appeared to be of many shapes brightly lit up. She said it would stay in the same position temporarily, then move first to the north, then south, but in a gradual southerly direction. It possibly could have been the same object which gave a nerve-shattering experience on Route 4-A near Enfield to a Concord man that night at ten o'clock, a former Manchester newsmen, who reported it to the Manchester Union-Leader from Wilmet about 45 minutes later. He said as he was driving, his radio suddenly stopped, the lights went out and the engine stopped. Everything electrical on the car stopped. He saw a very bright light in the sky, about the size of a flashlight, hovering overhead for a moment and then going south toward Mt. Cardigan, crossing the red beacon light flashing on the summit. It had a highpitched whine, and after the whine died away the car's lights came on, radio started up, and the motor also started.

Richard called the Record Office Monday, stating that about 5:30 a. m. Sunday night he was watching for his Dad to come home when he saw what appeared to be a big ball of fire descending at a slant over Mt. Stinson, at a fast rate of speed, in a westerly direction. He could see the lighted object as it disappeared behind trees on the horizon. He said there appeared to be two red bands trailing over the top of the ball like two red sticks. He called his mother, who also saw the object for a few seconds.

This newspaper called Mrs. Evelyn Spencer of West Plymouth, NICAP investigator for central New Hampshire, in an area about 10 miles in the Plymouth vicinity. If she is called immediately, it is helpful to the National Investigations Committee on Aerial Phenomena, and all observers are urged to cooperate. Don't wait until a few hours later or the next day. Just call 336-2977.

15 January 1965
Waynesboro, Va

January 15, 1965... The Lester Hogshead family of Rte. 2, Waynesboro, reported seeing an unidentified object at 8 P.M. on Rte. 250, west of Waynesboro.

That night, 8 year-old Bruce ran into his home and asked: "Mama, do you want to see a flying saucer?" The family went into a wooded area about a quarter mile away and watched the object for five minutes.

The parents and five children watched the bright object hover above the ground, then, like the "snap of the finger," disappear.

Light in Sky, Auto Is Halted Near Enfield

The nerve-shattering experience of a former Manchester newspaperman now holding a position in Concord may be best told in the words with which he reported it to this newspaper from Wilmot at 10:45 last night.

"I was driving on Rte. 4-A between Wilmot and Enfield about 45 minutes ago. The 10 p. m. news from WNAC was just starting on the car radio. I was making about 60 miles an hour.

"All at once the radio stopped. The lights went out. The engine stopped. Everything electrical on the car stopped working.

"I pulled to the side of the road to see what had happened and I was still holding on to the door when I heard a very loud hum like a high-frequency electrical whine.

"I looked up and saw a very bright light. It was below the cloud cover — I'd estimate it at between 2,000 and 3,000 feet — and looked about the size of a flashlight held at arm's length, pointed toward your face.

"It seemed to be hovering overhead for a moment and then took off south toward Mt. Cardigan, traveling very fast. It went right across the red beacon light flashing on top of Mt. Cardigan.

"As the light left, the high-pitched whine went away with it. When the whine died away my car's lights came on, the radio came on, and the motor started.

"The whole thing lasted about 15 or 20 seconds. There wasn't any wind.

"When the car's electricity went out and I pulled over to the side and stopped I left the ignition key turned on but the motor wasn't running and the shift was at 'park.' I first heard the humming sound when the car stopped, then I heard it louder when I opened the door and stepped out. I heard the sound for about five seconds after the light started to move, and it faded out with it."

The Concord man added, "I was more curious than anything else about that light and the sound. The thing that scared me most was when the

SAUCER IN SKY STALLS AUTO IN VIRGINIA: Another incident in January's giant saucer flap in the state of Virginia, occurred between the towns of Wilmot and Enfield, on Route 4-A. A Concord, Va. newspaper reporter was driving his car at about 10:45 p.m., when all of a sudden the radio went dead, the lights went out, and the engine stopped. The newsman, who is not named in the clipping we have, pulled to the side of the road and got out of the car. He heard a very loud hum "like a high-frequency electrical whine," and saw a brightly-lit UFO in the sky, at an altitude somewhere between 2,000 and 5,000 feet. It hovered for a few seconds, and then left the area at high speed. As the light departed, the high-pitched whine died away, and the car's electrical system immediately began working again. The whole incident lasted only 15 to 20 seconds.

Mysterious Light Reported Twice Friday Evening

MANCHESTER, N.H. — Two reports have been noted of mystery lights in the sky Friday evening.

The first was from an unidentified Concord man who was travelling between Enfield and Wilmot on Route 4-A.

At 10 p.m. the car radio suddenly stopped, the lights went out and the engine stopped, he said.

The driver pulled to the side of the road and heard a loud hum "like a high-frequency electrical whine" and saw a bright light hovering about 2,000 to 3,000 feet overhead.

The light then appeared to travel south across the red beacon light on top of Mt. Cardigan.

The man said the "whole thing lasted about 15 or 20 seconds." About five seconds after the light started to move the humming sound faded out—then the man's car started.

Shortly before that a Manchester man reported that his television set stopped working.

He went outside to see if his antenna was damaged and saw a "mysterious light" in the sky and also heard a humming sound. He said the light was moving above the tree line at a slow rate.

Again, electrical power was restored when the mysterious light vanished.

'Mystery Light' Seen After TV Stops Working

A second person has reported seeing a "mysterious light" Friday night minutes after his television set just as mysteriously stopped working.

Matthew Rybczyk of 106 Morse Rd., said that at just about 9:45 p. m. Friday he was at home watching TV when all of a sudden it stopped working.

He went outside, thinking the snow or wind had damaged the antenna, and upon opening the door saw the "mysterious light" in the sky.

Rybczyk said that as he saw the flash he also heard a humming sound. He reported the light was moving in the sky above the tree line to the east at a slow rate.

A Concord man Friday night had reported seeing a similar light while driving his car on Route 4A between Wilmet and Enfield.

This motorist, who remained anonymous, said that his car's radio went off as well as the lights, and the motor stopped. He added that after pulling up, he looked out and saw the light and heard a humming sound.

In both cases electrical power was restored when the "mysterious light" vanished.

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

Day

Month

Year

2. Time of day:

Hour

Minutes

(Circle One):

A.M.

or

P.M.

3. Time Zone:

(Circle One):

a. Eastern

b. Central

c. Mountain

d. Pacific

e. Other

(Circle One):

a. Daylight Saving

b. Standard

4. Where were you when you saw the object?

Nearest Postal Address

City or Town

State or County

5. How long was object in sight? (Total Duration)

Hours

Minutes

Seconds

a. Certain

b. Fairly certain

c. Not very sure

d. Just a guess

5.1 How was time in sight determined?

5.2 Was object in sight continuously?

Yes

No

6. What was the condition of the sky?

DAY

a. Bright

b. Cloudy

NIGHT

a. Bright

b. Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One):

a. In front of you

b. In back of you

c. To your right

d. To your left

e. Overhead

f. Don't remember

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight - pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One):

- a. Solid
- b. Transparent
- c. Vapor
- d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

12. The edges of the object were:

- (Circle One):
- a. Fuzzy or blurred
 - b. Like a bright star
 - c. Sharply outlined
 - d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- | | | | |
|---|-----|----|------------|
| a. Appear to stand still at any time? | Yes | No | Don't know |
| b. Suddenly speed up and rush away at any time? | Yes | No | Don't know |
| c. Break up into parts or explode? | Yes | No | Don't know |
| d. Give off smoke? | Yes | No | Don't know |
| e. Change brightness? | Yes | No | Don't know |
| f. Change shape? | Yes | No | Don't know |
| g. Flash or flicker? | Yes | No | Don't know |
| h. Disappear and reappear? | Yes | No | Don't know |

HEADQUARTERS US ARMY ARMOR CENTER
Office of the Assistant Chief of Staff, G2
Fort Knox, Kentucky 40121

AIRMAIL

12 February 1965

SUBJECT: Unidentified Flying Object

TO: Deputy Chief of Staff, Intelligence
Second United States Army
Fort George G. Meade, Maryland

1. An unidentified flying object was observed by a military police motorized patrol in the vicinity of coordinates ES914973, AMS, Fort Knox, Sheet 3859 IV, Kentucky 1:50,000, from 232108EST to 232130EST January 1965. The patrol, SP4 John F. Davis and Pvt Robert T. Warstler, first observed the object while moving from Northeast to Southwest along Sanitary Fill Road. They confirmed the observation at the road junction (ES914973) and reported the sighting.

2. The sighting was confirmed by Major J. S. Oliver, Provost Marshal Operations Officer. Major Oliver stated that the object was approximately 50 feet in diameter and illuminated with a yellowish-white glow similar to a firefly.

3. The object was first sighted at tree top level. It ascended to approximately 300 feet and circled several times in a distinct pattern. The object again ascended in a spiral until it was out of sight. The object was observed for 22 minutes, at a magnetic azimuth of 37 degrees from coordinates ES914973 and at a range of 1,500 to 2,000 meters. The orbit of the object was 37 to 55 degrees (magnetic compass reading) in a clockwise direction. It disappeared at a height 50 degrees from the horizontal.

4. Weather data during the sighting was:

a. 232056 January 1965: Clouds at 8,000 feet, overcast; visibility 14 miles; temperature 56 degrees F.; dew point 52 degrees F.; wind from 170 degrees at 08 knots; thin spots in overcast.

b. 232158 January 1965: Scattered clouds at 1,600 feet; overcast at 8,000 feet; visibility 14 miles; temperature 56 degrees F.; dew point 52 degrees F.; wind from 190 degrees at 09 knots.

14. Did the object disappear while you were watching it? If so, how?

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes No Don't Know.
 it moved behind: _____

IF you answered YES, then tell what

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes No Don't Know.
 in front of: _____

IF you answered YES, then tell what

17. Tell in a few words the following things about the object:

a. Sound _____

b. Color _____

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

20. Do you think you can estimate the speed of the object?

(Circle One) Yes No

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes No

IF you answered YES, then how far away would you say it was? _____

22. Where were you located when you saw the object?
(Circle One):

- a. Inside a building
- b. In a car
- c. Outdoors
- d. In an airplane (type) _____
- e. At sea
- f. Other _____

23. Were you (Circle One)

- a. In the business section of a city?
- b. In the residential section of a city?
- c. In open countryside?
- d. Near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- | | | | |
|--------------|--------------|--------------|--------------|
| a. North | c. East | e. South | g. West |
| b. Northeast | d. Southeast | f. Southwest | h. Northwest |

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|-----|----|----------------|-----|----|
| a. Eyeglasses | Yes | No | e. Binoculars | Yes | No |
| b. Sun glasses | Yes | No | f. Telescope | Yes | No |
| c. Windshield | Yes | No | g. Theodolite | Yes | No |
| d. Window glass | Yes | No | h. Other _____ | | |

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

31. Was anyone else with you at the time you saw the object? (Circle One) Yes No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes No

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME

Last Name

First Name

Middle Name

ADDRESS

Street

City

Zone

State

TELEPHONE NUMBER

AGE

SEX

Indicate any additional information about yourself, including any special experience, which might be pertinent.

ASTRONOMICAL SOCIETY

HAVE BEEN AND PHOTOGRAPHERS V. F. O. L. 35-100

33. When and to whom did you report that you had seen the object?

Day

Month

Year

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

34. Date you completed this questionnaire: _____

Day

Month

Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

no motion

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

*Yes, the 1st time was at the air base in
the north of Quantico.*

31. Was anyone else with you at the time you saw the object? (Circle One)

Yes

No

31.1 IF you answered YES, did they see the object too? (Circle One)

Yes

No

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME

Last Name

First Name

Middle Name

ADDRESS

Street

City

Zone

State

TELEPHONE NO.

AGE

SEX

Indicate any additional information about yourself, including any special experience, which might be pertinent.

*That is already on file
on previous report.*

33. When and to whom did you report that you had seen the object?

Day

Month

Year

*Capt. J. E. Brown
Lieut. J. E. Brown
Lieut. J. E. Brown
1st Lt. J. E. Brown*

34. Date you completed this questionnaire:

12 Oct, 1967
Day Month Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

One part of all this is previous knowledge, been about one of these things, its not important that this craft can go anywhere, plus that it can travel through time. Its engine operates by a combination nuclear reaction of matter and anti matter. also it necessary to generate a force field to help the ship move. I can give you a great explanation in my book. its easier to read than to hear. Just skip the first 10 pages, occupies up the craft as like me in many respect for one thing its females are about the same. I know for I was in bed with one, on more than a 100 others.

with just no data was,
you can duplicate a craft
stick as I was on.
about going to bed with
the girls from space they
assured me they had taken
a precaution as not to
get pregnant.

Mystery Light Report Made At Lakeport

LACONIA — Another incident of unidentified lights seen in the sky was reported by Mrs. Caroline Ballou of 45 Dollof St., Lakeport.

At 8:55 last night, while in her living room watching TV, Mrs. Ballou said, she was startled by the "awesome" sight of a strange but bright yellow beam of light shining from somewhere high in the sky.

The light, which seemed to be coming from the southwest, shone into her window for only a few seconds and her first thought, she said, was that possibly it was lightning. It appeared like a searchlight, she said, but the most disturbing aspect was its "odd yellow glare."

Mrs. Ballou said she had an impression of some unusual sound at the same time but as she is hard of hearing it was not too apparent.

Mrs. Ballou reported her experience to the local police station and Officer Harry Hamilton went to the area in his cruiser, but by that time could see no indication of anything unusual.

No one else had reported seeing a similar light.

Mrs. Ballou said her sighting of the strange light came before she read in the newspapers of the sighting of mysterious lights Friday night by Matthew Rybczyk of 106 Morse Rd., Manchester, whose television set stopped working, and by a Concord man, Charles R. Knece Jr., whose car stopped operating when a light passed overhead as he was driving on Rte. 4-A between Wilmot and Epsfield.

Brand's Flats, Virginia
19 January 1965

✓ January 19, 1965 -- Brand's Flats, Virginia -- Industrial Draftsman William Blackman reported the landing of one 20 foot and one 80 foot saucer with three humanoid beings about three feet tall in shiny space suits near a local archery range. These beings uttered unintelligible sounds. SOURCE: Waynesboro News Virginian, Virginia.

SAUCER LANDING IN VIRGINIA: A news report from Lynchburg, Virginia, dated January 23rd, tells of an industrial worker who witnessed two noiseless unlighted UFOs come down to earth in a wooded area. The witness, fearful of public ridicule, asked that his name be withheld. He stated that one of the craft appeared to be about 20 yards in diameter, and the other was 80 yards in diameter. Three creatures, about 37 inches high, disembarked from the smaller ship and came to within 12 yards of him, while he stood "frozen in his tracks". They were humanoid, and looked very much like human beings, except for their unusually small stature and their eyes, which "seemed to look right through me," according to the witness. They uttered sounds that were unintelligible to him, then turned around and walked back to the saucer from which they had emerged. A door opened, the three entered the craft, and the opening in the craft then "seemed to mold itself to the ship," i.e., there was no evidence of a door after it closed. The witness added that the encounter lasted about a half hour altogether, beginning at 5:40 p.m. The creatures carried no weapons, and did not appear to be hostile in any way.

This incident is only one of many outstanding UFO events which occurred during a recent flap in the Virginia area, as reported in more detail further on in this issue.

Hartford, Connecticut

Connecticut Has January Flap

With all the other Eastern states getting their share of UFO reports, Connecticut came into her own in late January,

1965. On Wednesday, 20 January, Charles Clinsky, 15, of Hartford, reported he and friend William Ullman, saw a metallic-appearing disc like a "big nickel" over Avon Mountain at 5 p.m. They said it made a high-pitched whistling sound and disappeared toward the Eastern horizon.

A 16-year-old Glastonbury girl reported an "object like a soap dish on its side" in the southwestern sky at 3 p.m. on the 20th. It had "flashing blue lights."

At 8 p.m. that same night a Hartford woman and her two children saw a saucer-shaped object rimmed with blue light in the southeast sky. The three sightings comprise an almost straight line extending northwest about 12 miles from Glastonbury to West Hartford.

10-Year-Old Reports Seeing Flying Saucer

Robin Burgess, 10, of 2300 Main St. Rocky Hill reports he saw a flying saucer Friday afternoon at 3:10 over his house toward Glastonbury.

He said he saw a round-shaped white object, ringed in black, about four-feet in diameter with one window in the center.

His attention was attracted to the object, as he was playing in his yard, by a whistling sound overhead.

By the time he ran inside his house to get his brothers, the object had disappeared, he said.

Last July he saw a similar object in the sky over Wethersfield, he added.

His parents, Mr. and Mrs. Joseph Burgess Jr., had no comment. Robin is a fifth grader at Center School. Science is his favorite subject.

On Wednesday night at 8 p.m. a Hartford housewife and her two children reported seeing flying saucer with what appeared to be blue lights on the perimeter flying over their house.

STATEMENT

On the 23 of Jan 1965, The MP radio operator dispatched my unit #12, SP4 Davis, John F RA16790700 & PVT E-2 Warstler, Robert T. NG2638196 To Brandenburg Rd at Sanitation Hill to escort a vehicle of 538 Engrs Bn to Snow Mountain Air Force Base. We arrived at Sanitation Hill 2104 hrs, pulling in and sweeping the area with our head lamp, looking for the veh. We enter about 100 yds. and started to turn the unit back to Brandenburg, when I ~~caught~~ ^{saw} a light rising from the trees about 1 1/2 miles or 2 miles to my right. The light rising just above the crest of the tree was silver in color. As if it was reflecting off a aluminum surface. We stop the unit and got out. The light at this time had cleared the tree, and we
